

"CRISIL Chair of Financial Markets" to support research and learning in the areas of financial markets in the institution.

Over 25 years, CRISIL, a global analytical company providing ratings, research, and risk and policy advisory services has been working to make markets function better. In order to further this mission, CRISIL decided to set up the CRISIL Chair of Financial Markets at one of the most reputed institute in India, IIM-Ahmedabad. The purpose of the professional chair is to enable research activities that can help financial markets evolve and function better.

On this occasion, Roopa Kudva, Managing Director and CEO, CRISIL, said: "We believe that collaboration between industry and academia is critical for enhancing our understanding of the financial markets and spot the next growth opportunities. The setting up of the CRISIL Chair of Financial Markets at IIM-A is a significant step in that direction. We are proud of this association and hope it will fuel insightful research that can help investors, market intermediaries and other stake-holders make better informed investment and business decisions."

"ATS Infrastructure Chair of Infrastructure Management" to support research and learning in the area of infrastructure development and housing management.

"Good infrastructure acts as a catalyst in a developing economy. Implementing latest technology in this field as available within and outside India has become imperative now. ATS Infrastructure Ltd, which is in the field of construction and housing in Northern India is pleased to establish 'ATS Infrastructure Chair' at Indian Institute Management, Ahmedabad for the purpose of research and learning in the area of infrastructure & housing management, given the Prime Minister's plan of providing housing for All by 2022", said Mr. Getamber Anand, Chairman & Managing Director, ATS Group of Companies.

The World Gold Council, on Nov. 26th, had announced setting up of the India Gold Policy Centre in collaboration with IIMA. The objective of the "India Gold Policy Centre" is to develop insights into how the significant stocks of gold that India owns can be used to advance growth, employment, social inclusion and economic wealth of the nation. The Centre aims to conduct research that has a practical application and that the industry and all stakeholders can use, leading to the development of an effective gold ecosystem in the country and worldwide.
